

NEBOSH International Certificate in Construction Health and Safety

NEBOSH International Construction Certificate

The **NEBOSH International Certificate in Construction Health and Safety** is designed to equip those making day-to-day decisions in construction work, with the knowledge they need to ensure that the health and safety implications are properly considered in their decision making. It is suitable for:

- Managers and supervisors working in the international construction industry.
- Those who have responsibility for construction workers/contractors outside the UK.

The NEBOSH International Construction Certificate is widely respected by employers worldwide and meets the requirements for Technician Membership of IOSH (**Tech IOSH**) and Associate Membership of IIRSM (**AIIRSM**).

Course Content

The NEBOSH International Construction Certificate is made up of three units:

Unit IGC1: Management of International Health and Safety

- Foundations in Health and Safety
- Health and Safety Management Systems - Plan
- Health and Safety Management Systems - Do
- Health and Safety Management Systems - Check
- Health and Safety Management Systems - Act

Unit ICC1: Managing and Controlling Hazards in International Construction Activities

- Construction Management
- Construction Site - Hazards and Risk Control
- Vehicle and Plant Movement - Hazards and Risk Control
- Musculoskeletal Hazards and Control
- Work Equipment - Hazards and Risk Control
- Electrical Safety
- Fire Safety
- Chemical and Biological Health - Hazards and Risk Control
- Physical and Psychological Health - Hazards and Risk Control
- Working at Height - Hazards and Risk Control
- Excavation Work and Confined Spaces - Hazards and Risk Control
- Demolition and Deconstruction - Hazards and Risk Control

Unit ICC2: Construction Health and Safety

Practical Application

- Work based practical assessment

Assessment

Units IGC1 and ICC1 of the NEBOSH International Certificate are each assessed by a two-hour written examination. Unit ICC2 is assessed by a practical assessment carried out at a construction site.

Exemptions

If you have been awarded the NEBOSH National [General](#) or [Fire](#) Certificate in the last 5 years you will be exempt from Unit IGC1 and can simply 'top up' by completing Unit ICC1 and the practical assessment (Unit ICC2).
